THE SCHOOL OF
HOMEOPATHY®

Would you like to learn the basics of homeopathic first aid from the comfort of your own home? We offer three small but perfectly formed home study beginner courses suitable for anyone who has little or no knowledge of homeopathy. Each one teaches you how to use remedies and has been specially developed to provide a step-by-step guide to basic homeopathic methods and practice in everyday first aid situations:

- *First Aid for Home*
- *First Aid for Baby*
- *First Aid for Pets*

Introduction

Our First Aid courses are ideal if you wish to try out some homeopathic study before committing further, or if you know that you wish to prescribe within your circle of family and friends. In just a few days, you will have the confidence to look after your family's simple everyday healthcare needs. You should be able to quickly assess whether and how you can treat particular symptoms yourself, and where you should seek professional help. Study is aided with books, movie lectures, cases, self-assessment questions and full assessment with certificate.

What will I learn?

Each course is tailored to its specialist area whilst covering the fundamental essentials of First Aid in homeopathy. Within each course you will study an introduction to homeopathy, its history and its development. You'll be guided through the basic principles of homeopathy, before moving onto first steps in homeopathic prescribing. In addition, you will study guidelines on receiving the case, assessing symptoms and selecting the most appropriate remedy.

1. *First Aid for Home*

Our Homeopathy First Aid Course provides an insight into the philosophical background as well as the basic methodology of first-aid and acute prescribing in homeopathy, so that you can use it in everyday situations at home, on the sports field, at work and on holiday – for yourself, your family and friends. By the end of the course we hope you will be able to treat many acute and first aid situations such as: childhood fevers, teething troubles, vomiting, bugs, ear infections, coughs, flu, diarrhoea, etc.

First Aid for Home Overview

Units: 1-6

Study hours: 20

Course length: Estimated 1 month

Enrolment period given: 1 year (with option to extend)

Includes: Course material, books, movie lectures

Remedies: 36

Study options: Correspondence or e-learning

Certificate: First Aid Certificate in Homeopathy for Home, Family and Friends

2. *First Aid for Baby*

This practical course tells you about homeopathy, teaches you how to use it for pregnancy, birth and in the first few weeks with your new baby, and prepares you to select the best homeopathically prepared medicines. Our aim is to help you understand the basic philosophy and practice of homeopathy and to be able to use it in pregnancy, childbirth and postpartum – for yourself, your family and friends. This will enable you to use quick and effective methods to ease symptoms and reduce the need for interventions and visits to the doctor.

First Aid for Baby Overview

Units: 1-9

Study hours: 20

Course length: Estimated 1 month

Enrolment period given: 1 year (with option to extend)

Includes: Course material, books, movie lectures

Remedies: 36

Study options: Correspondence or e-learning

Certificate: First Aid Certificate in Homeopathy for Pregnancy, Birth & Baby

2. *First Aid for Pets*

This invaluable course teaches you how to use homeopathy with animals, pets and on the farm. It provides a kit of homeopathically prepared medicines which have been selected for the most common ailments in animals and for immediate use. Our aim is to help you understand the basic philosophy and practice of homeopathy, so that you can use it in everyday situations for the furry, feathered or even scaled members of your family! This will enable you to use quick and effective methods to ease the symptoms of minor problems, or where necessary to provide initial help whilst you await a vet.

First Aid for Pets Overview

Units: 1-5

Study hours: 20

Course length: Estimated 1 month

Enrolment period given: 1 year (with option to extend)

Includes: Course material, books, movie lectures

Remedies: 24

Study options: Correspondence or e-learning

Certificate: First Aid Certificate in Homeopathy for Pets, Animals and Farm

Entry requirements

No prior medical training or knowledge is required for these courses. There are no pre-entry qualifications or age requirements.

What do you receive?

Everything you need to complete your study. The courses come in a box set that includes:

- Homeopathy First Aid Course Manual
- Course Books
- Course Memory Stick
- Homeopathic Remedies (or voucher)
- Discount Vouchers for Further Study

The course is divided into parts, each containing sections to help you understand various aspects of homeopathy and its practical everyday usage. Self-assessment questions are presented throughout the course, so that you can check your understanding and knowledge. Model answers are also provided. Once you have mastered the material, you will be ready to start using the homeopathic medicines.
